

*Please Respond.*

Docket No. ET2/TL-08-1474  
Exhibit 6

To Scott Ek and Raymond Kirsch,

Please consider some route changes to the Brookings CapX 2020 line. The changes are as follows: Starting at the Lyon/Lincoln County line, intersection 340<sup>th</sup> and Lyon/Lincoln Rd. Sect.6 of Nordland township, south to 310<sup>th</sup> St, east through Nordland Township, to Grandview Township 210<sup>th</sup> Ave. Then north, 1 mile to Lyon County Rd 8, following County Rd 8 to 280<sup>th</sup> Ave South. We feel this route saves power line footage and avoids more homes that have a close proximity to the proposed route. We would also appreciate it if the existing 69 KV transmission line, that runs within this route area, be considered a possible alternative. If this line were rebuilt to the larger KV, it could follow the same route and save considerable power line mileage. It is already an established, suitable route. If you would like more input on these or other possible routing changes, please contact us at (507) 829-5588. We realize avoiding proximity to all homes is impossible, but choosing a path where the majority of homes and buildings are set back from the proposed route maybe possible.

Thank you for your consideration,

Members of the Grandview Township Board and other concerned land-owners.

### Energy Facility Permitting Public Meeting Comment Form

Name: Lind Township  
Address: 1917 260<sup>th</sup> ST  
City: Marshall State: MN ZIP: 56258

Please share your comments on the potential impacts, mitigation measures and alternative routes to be considered in the scoping document and environmental impact statement to be prepared for the proposed Brookings County, South Dakota, to Hampton, Minnesota, 345 kilovolt (kV) transmission line and associated facilities.

Please turn this form in tonight or mail to the address provided on the back (use additional sheets as necessary). You may also email comments to Scott Ek, Project Manager at: [scott.ek@state.mn.us](mailto:scott.ek@state.mn.us) with ET2/TL-08-1474 in the subject line or submit comments online at: <http://energyfacilities.puc.state.mn.us/publicComments.html>. Comments must be received no later than 4:30 p.m., Thursday, April 30, 2009.

*We are opposed to the alternate route crossing of the Redwood River. We believe there would be an environmental impact in that area.*

*Sincerely,*  
*Mitchel Buecing* Chairman  
*Don Girard* Supervisor  
*Tommy Green* Supervisor
