# SOLICITATION OF ADVISORY TASK FORCE MEMBERS

To Whom it May Concern:

This notice is soliciting nominations for the Hampton to Northern Hills Advisory Task Force (ATF) and/or the North Rochester to Mississippi River ATF for the proposed CAPX 2020 Hampton-Rochester-La Crosse Transmission Project (Project). On January 19, 2010, Xcel Energy submitted a High Voltage Transmission Line (HVTL) Route Permit application to the Minnesota Public Utilities Commission (Commission) for the Project. The application was accepted as complete on March 9, 2010. In an Order dated March 16, 2010, the Commission authorized the establishment of two advisory task forces: the Hampton to Northern Hills ATF and the North Rochester to Mississippi River ATF. Both task forces would assist the Office of Energy Security (OES) in identifying impacts, issues and alternatives that should be assessed in an Environmental Impact Statement (EIS).

The Hampton to Northern Hills ATF would focus on the proposed routes between the existing Hampton Substation (Hampton, Minn.) and the existing Northern Hills Substation (Rochester, Minn.). The North Rochester to Mississippi River ATF would focus on the proposed routes between the proposed North Rochester Substation (near Pine Island, Minn.) to the Minnesota terminus of the proposed project at the Mississippi River (near Kellogg, Minn.)

The task force will assist the Minnesota Office of Energy Security (OES) Energy Facility Permitting (EFP) staff in developing the scope of the EIS. The OES charges the ATF members to:

1. Assist in determining specific impacts and issues of local concern that should be assessed in the EIS; and
2. Assist in determining potential route alternatives that should be assessed in the EIS.

The ATF will expire upon designation of the EIS scoping decision by the OES Director.

ATF members will be selected from the list of nominations received. The Hampton to Northern Hills ATF will consist of no more than 15 persons. The structure of the advisory task force will be pursuant to Minn. Stat. 216E.08, subdivision 1. The final structure will comprise one employee or elected official from each county (3), one employee or elected official from each city (7), board members from the seventeen townships (3-5), and up to two non-governmental organizations (0-2).

Members of the Hampton to Northern Hills ATF will be solicited from the following:
