**RE: Macro Corridor Modification – Request for Comment Extension
CapX 2020 – Hampton-LaCrosse**

Dear Ms. Strength:

With dismay, I've accidentally discovered that last October a Macro Corridor Modification had been filed and open for Comments through December 6, 2010. I don't recall receiving direct notice and have yet to find anyone who did, and I don't know of indirect notice.

At this time, I request an extension of the Comment period to March 1, 2010. The EIS process isn't moving forward with any speed and no party would be prejudiced by this requested extension.

Thank you for your consideration.

Very truly yours,

Carol A. Overland
