R. pt. 7850.3800, subd. 1, a portion of the hearing must be held in one of the counties where the proposed high voltage transmission line will be located.

### **Date of Filing, Sending or Receipt**

10. Any document that is filed, or is sent to request or in response to a request for discovery, or for any other purpose, after 4:30 p.m. on a business day, on a weekend day or on a Minnesota state holiday shall be considered filed, sent or received on the next business day.

### **Discovery**

11. A party may serve requests for information on any other party. All requests for information shall be made in writing by e-mail, and the requesting party shall follow the e-mail with a copy of the request sent by regular U.S. mail or other delivery service to all parties, unless the party receiving the request agrees to e-mail service only. To the extent that a request includes material designated as Trade Secret or Nonpublic under the Minnesota Government Data Practices Act, Chapter 13, an e-mail request is required only between the requesting and responding party. Requests shall be sent to the person(s) designated to receive data requests.

12. The responding party shall provide the requested information to the requesting party within ten business days of receipt of the request. In accordance with Minn. R. 1400.6100, subpt. 1, the day that the information request is received shall not be counted in the ten-day period.

13. Responses to information requests shall be submitted by e-mail, and the responding party shall follow the e-mail with a copy of the response sent by regular U.S. mail or other delivery service, unless the party receiving the response agrees to e-mail service only. To the extent that a response includes material designated as Trade Secret or Nonpublic, an e-mail response is required only between the requesting party and the responding party.

14. In the event that due to the volume or nature of information included in a response, the responding party is unable to send the response by e-mail, the responding party shall send the response by facsimile, regular U.S. mail or other delivery service so that the requesting party receives the entire response by the date due, including any material designated as Trade Secret or Nonpublic. Responding parties may utilize CDs to convey large volumes of data. If the response is sent by facsimile, the responding party shall follow the facsimile with a copy of the response sent by regular U.S. mail or other delivery service.

15. There shall be a continuing obligation to update and supplement information responses with any responsive material that may subsequently be discovered or acquired by the responding party. The responsive information shall be supplied to each party that requested it.

16. A party that wishes to receive e-mail copies of requests or responses shall notify the requesting/responding party, who shall provide the information in that format. If the request or response contains material designated as Trade Secret or Nonpublic information, the providing party may seek a Protective Order in this matter before providing the information.

17. In the event the information cannot be supplied within ten business days, the responding party shall notify the requesting party as soon as reasonably possible in advance of the deadline of the reasons for not being able to supply the information and agree on a schedule of compliance with the requesting party.

18. All disputes concerning the reasonableness of discovery requests and the timing and sufficiency of responses shall be resolved by the Administrative Law Judge upon motion of a party. Hearings on such motions may be conducted by telephone conference call.

#### **Prefiled Testimony**

19. Prefiled testimony shall be marked as an exhibit with the case docket number and offered for admission into the record at the hearing. A hard copy shall be provided for that purpose and, if the document has been previously e-filed, the offering party shall provide the unique E-docket document identifying number. The Administrative Law Judge will assign a hearing exhibit number to the document at the time that it is offered into evidence at the hearing.

20. Prefiled testimony that is amended or not offered into the record shall be considered withdrawn and no witness shall be cross-examined concerning the withdrawn testimony. Any new affirmative matter that is not offered in reply to another party's direct case will not be allowed in rebuttal testimony and exhibits. Except for good cause shown, all revisions or substantive corrections to any prefiled testimony shall be in writing and served upon the Administrative Law Judge and the parties no later than three days prior to the commencement of the evidentiary hearing.

21. Each of the parties shall file testimony addressing its preferred route.

22. Typically, testimony is presented in question and answer format. However, narrative form is acceptable so long as each page and line of the testimony is numbered.

23. Each witness's testimony shall be separately e-filed and have its own e-docket document identification number. The description of the filing shall include the witness name (e.g., Doe Direct). If the schedules or attachments to the testimony are included, they should be referenced in the document name (e.g., Doe Direct and Scheds. 1-5). If the schedules as a group exceed 50 pages, they should be included in a separate e-filing (e.g., Doe Direct, Scheds. 1-5). If any one schedule exceeds 50 pages, it should be e-filed separately (e.g., Doe Direct, Sched. 3).

24. Any correction or revision to previously filed testimony or exhibits shall be separately e-filed and identify the specific document it corrects (e.g., Doe Direct, Errata or Revised).

25. One hard copy of the prefiled testimony and associated exhibits shall be sent to the Administrative Law Judge at the time of filing.

#### **Order of Testimony**

26. Unless the parties agree otherwise, the order of testimony shall be: the Applicants, intervenors, if any, in the order of intervention, and the Department. Questioning of the witnesses shall proceed in the same order, subject to change by agreement of the parties or further order of the Administrative Law Judge.

#### **Examination of Witnesses**

27. Witnesses shall be allowed ten minutes to summarize their prefiled testimony. For good cause shown, witnesses will be permitted to respond to any new matters not addressed in prefiled testimony through direct examination.

28. Parties shall examine and cross-examine witnesses through their attorneys, if the parties are represented by counsel. Any party not represented by counsel may examine and cross-examine each witness through any one representative chosen by the party.

29. Except for good cause shown, objections by any party relative to the qualifications of a witness or the admissibility of any portion of a witness's prefiled testimony shall be considered waived unless the objecting party states its objection by motion made to the Administrative Law Judge, and serves a copy of such objections on the parties, no later than **December 3, 2010**.
